

2013 PLAYER CLINICS

SOFTBALL CAMP OBJECTIVES

Complimentary t-shirts will be provided for camp participants and parents and coaches are welcome to attend all sessions and learn along with the players.

The sessions are designed to offer instruction for both the Elite and Grassroots player.

The Clinic also incorporates an indoor hitting tunnel, a variety of hitting stations, automatic pitching machines, sliding mats and because it is held indoors, the weather is not a factor.

Spots are limited to insure low student to instructor ratios and a high quality of instruction.
